Mrs. S. E. Heard - Librarian.

Dear Madam -

The repairing of "The Old Green Store" tempted me one day to drop in and once more take a look at its large timbers that once constituted the frame of the Meetinghouse erected in the North Cemetery in 1687, - the Third, in its order, built on or near the same spot.

It was taken down in 1728, and re-built on the spot now occupied by J. Mullen's house, where it stood until 1815, when it was again taken down, and re-erected where it now stands.

A part of one of the Pitch-pine timbers (hewn 14 in. square) had recently been removed, a piece of wh. I solicited and obtained as a Relic.

The inclosed is at yr. service for the Library if you think worthy a place there -

Very truly Yr.

May 1895.

At the annual Town Meeting held the present year, the sum of three hundred and seventy-five dollars ($375.00) was appropriated for a Catalogue for the Public Library. It was found that this sum was entirely inadequate to pay the labor of preparing and expense of printing a Finding Catalogue such as at present used. After a full investigation by the Trustees, it was unanimously decided to adopt the new and somewhat experimental system of what is called the "Card Catalogue". The Trustees were fortunate in securing the services of the Rev. Edgar J. Banks, a citizen of the Town who from experience and education was peculiarly fitted for the work. Under the direction of the Trustees Miss Emily A. Heard a Trustee, was associated with him and with her assistance, the Catalogue was completed to the entire satisfaction of the Board and with credit to those who prepared it. While it is not expected that perfection has been attained, yet it is thought

that it is so nearly correct, that with use and attention it can be made so. The desire of the Trustees has been to increase the usefulness of the Library, accomodate its patrons and lighten the labor of the Librarian as fast as it could be done with the means entrusted to them It cannot be expected that a change so radical can be introduced without criticism, or that all will be united, yet we believe that in time, the wisdom of the change will be fully vindicated.

Report of Trustees of Public Library.

To the Citizens of the Town of Wayland:

The trustees respectfully submit the following report:

During the past year nothing out of the usual routine of the library has happened.

The annual inspection in October resulted in finding the books and furnishings in good condition, aside from the ordinary wear arising from use.

The trustees have paid all accounts to the first of March, in accordance with the town's by-laws, as will be seen in the report of their treasurer, under expressage, librarian's and assistant librarian's salaries. Heretofore the custom has been to allow the expressage, the three month's salary of librarian, and the whole year's salary of the assistant librarian to go over into the succeeding year. The unexpended balance in the treasurer's report is due to the dog tax received late in February. This has been applied to the spring books purchased early in March.

On August 7th, of this year, the first half century of the library's existence will be completed, and some fitting recognition of the fact seems worthy of the town's consideration.

Respectfully submitted,

JOHN CONNELLY, *Chairman.*
CHARLES F. RICHARDSON, *Clerk.*
ARTHUR G. BENNETT,
C. B. WILLIAMS,
HARRY E. CARSON,
FRANCIS SHAW.

Court and State Reports. A large unclassified and uncatalogued collection of these, bound and unbound we have placed in the stacks of the galleries. We recommend further arrangement of these.

The residue, a miscellaneous mass of pamphlets of every conceivable nature we have carefully examined and sorted as follows:

On a stack which we have placed in the Trustees Room we have filed

A large number of manuscript sermons received from the estate of the late Rev. John P. Wright.

A file of Maryland Town Reports covering the years 1876 to 1901 with three years missing.

Library

A file of Auditors, School, and Special Committee Reports covering many years, all of the Town of Wayland.

A file of Reports of the Middlesex Agricultural Society.

A large collection of Library Reports of Towns other than Wayland.

A number of Catalogues and reports of Harvard University.

A file of miscellaneous matter of historical value, local and otherwise.

A file of matter, some amount, of general interest.

After making the above assortment there remained a quantity of matter which in our judgment was of no value to the Library, and in clearing

premises we have destroyed in part, and recommend that the residue be disposed of in the same way, viz:

A quantity of obsolete catalogues of the Wayland Library.

Duplicate Town Reports.

Reports of Railroads, Printed Sermons, addresses and reports of Societies of no local interest, Silver Question literature, campaign documents, almanacs, book advertisements and catalogues of sales, seed catalogues, agricultural implements advertisements, prospectuses of "Wayland in the Civil War" and "Hudson's History of Sudbury" and "Annals of Wayland" in sheets.

In conclusion we have to state that we have cleaned up the galleries

-ument of all the matter,
- that what we have retained
is in systematic order and accessible
for the use of the Library.
